

Rohit Verma
rverma@iepwr.com

Mr. Verma has been a Mergers & Acquisitions professional within the Energy, Power, Utilities and Renewables verticals since 2006. His extensive M&A experience includes mergers, acquisitions, divestitures, and joint ventures for clients globally. He worked at RBC Capital Markets as a Senior Vice President in the Mergers & Acquisitions group focused exclusively on power, utilities & renewables clients. Prior to RBC, he worked at UBS Investment Bank in the Global Power & Utilities Group. Before Business School, he worked as a senior engineer at CD adapco group (a Siemens business). Mr. Verma has executed over \$50 Billion of M&A and capital markets transactions, including over \$10 Billion in completed buy-side and sell-side power generation portfolio / asset transactions.

His education includes an MBA in Finance from Cornell University's Johnson Graduate School of Management. He also earned a Bachelor of Technology degree in Aerospace Engineering from Indian Institute of Technology, Bombay and a Master of Science in Computational Engineering from Mississippi State University.
